sapphire™
BY GRO GLASS

Sapphire's premium glass coatings offer advanced optical properties and versatile design, making them an ideal choice for gaming applications.

BEST CHOICE FOR PINBALL TABLES

- Superior visibility for a more immersive experience.
- Tempered glass enhances safety by reducing breakage risks.

Tempered Sapphire Anti-reflective glass

BEST CHOICE FOR GAMING & SLOT MACHINES

- Improves visibility under various lighting conditions
- Bendable properties allow seamless integration into curved designs

One-sided Sapphire Anti-reflective glass

BEST CHOICE FOR ONLINE GAMING & STREAMING

- No ghosting effects ensure a clear view of key information for the host
- Enhancing both host presentation and audience experience
